

Subject Leadership for Student Achievement (SuLSA)

SULSA gave me space to reflect on the extent to which our curriculum prepares students for the new exams and to improve how I track the progress of students and underachieving groups

OVERVIEW

SuLSA has been designed by serving principals and senior leaders from across the ATLAS Teaching School Alliance. It is delivered by expert SLEs and includes time for reflection, collaboration and feedback.

THIS PROGRAMME

SULSA participants will develop and build on the behaviours of successful subject leadership including:

- Selecting and implementing the most appropriate subject syllabus and planning the curriculum
- Ensuring quality of classroom practice
- Accurately tracking student progress
- Creating and delivering a plan
- Successful line management

EXPECTED IMPACT

As a result of this course, Subject Leaders will be able to:

- Take responsibility for the outcomes for the students in the subject
- Do what is required to ensure that students gain the best possible education in the subject and obtain the best possible grades

COMMITMENT

The programme consists of 5 full day facilitated sessions.

ELIGIBILITY

This programme is open to all teachers who:

- Aspire to become subject leaders
- Are currently subject leaders desiring to improve
